Building Futures: AHDII Waives Dues for Student Members

MODESTO, CA, February 1, 2016—The Association for Healthcare Documentation Integrity (AHDII) has announced that beginning today, membership dues for all healthcare documentation students is being waived as part of our [Building Futures program](#). Complimentary Student membership is available to an unlimited number of healthcare documentation students, with benefits to prepare them for a successful career. This includes a subscription to *Plexus* e-magazine, discounts on credentialing exams, and help desk support.

AHDII's leaders identified engaging students and mentoring them into the workforce as credentialed professionals as a top priority. To achieve this, our Board unanimously approved waiving the membership dues, making it easy for students to say "yes" to joining AHDII. AHDII will continue to develop new benefits and programs to support students' professional development.

Educators of medical transcription/healthcare documentation schools or programs are encouraged to share this information with students and promote the value of joining AHDII. A webpage has been created with information about AHDII Student membership: <http://www.ahdionline.org/?page=studentmem>.

AHDII's Building Futures Sponsorship Program is a unique opportunity companies have to support students pursuing a career in healthcare documentation. [Download a brochure for complete information.](#)
